

WOW,

We didn't have
any other

together.

Kanata
and I were
classmates
in middle
and high
school.

YOU LIKE GOLI TOO,

Sure, as
long as
it's an
English

HAVE
MY OLD

CONTINUOUS DIALOGUE WITH MILLION DOLL

(Please click here)

The Board is where the MillionDollBoard D01 editor will come to explain the terminology that appears in articles. There are interesting subjective definitions, so if there's any that you can't understand, feel free to ask for an explanation. Letting them tell it myself.

[1/1] • Million Doll Wota Terminology •

Chapter 19 depicts another side of the wota world. There are also flashy guys like Kanata that go to lives. Wotas that attend with hookups in mind are given the glorious title of **female wota wotas** (male wotas interested in female wotas).

1: Girls Area

There are many girls who are afraid of the fierce nature of Idol lives, so there are some places that take that into consideration, setting aside an area at the front for girls only.

2: Killer Response

A superior version of the previously-featured response. Receiving a tremendous reaction from the Idol.

When she waves at you, or your eyes meet... the feeling of having her all to yourself! Even if you weren't that interested in her before, receiving such a response will get your attention immediately~
